SOUTHLAND JUNIORS' BEST PERFORMANCES

*The best performances in this booklet are covered by **IAAF, Athletics New Zealand and New Zealand Children's** equipment requirements dated from September 2011.*

Southland Children's records were started around the 1982 season and could only be broken at the pinnacle event of the season "The Southland Champs". At the start of the 2012 season the rules were changed to allow athletes to be able to break the best performances at all Athletics Southland events. Some records from the field events have been converted where needed from imperial weights to metric weights.

*The group of events which are no longer competed for under normal **IAAF, Athletics New Zealand and New Zealand Children's** rules dated from September 2011 are listed at the end of this booklet.*
