Baseball**

Bears Junior and Cubs Baseball is a family orientated club that encourages the participation of all kids regardless of ability or age. We are focussed on providing a fun family atmosphere that the whole family can enjoy.

In 2011 we introduced our inaugural and very successful "Seniors Training Night" and look forward to continuing that tradition. We are lucky at Bears Juniors to have a fantastic relationship with our Senior Team . It is great to see the Seniors interacting and being such good role models for our Junior players. This relationship also provides an avenue for our Junior players to continue onto the Senior League.
