

Infield Flyer

Vol 10

September 2011

Season under way

Well the 2011 season is now under way. This season Mustangs fielded teams in all age groups and 2 in Under 12.

The inception of Aussie T Ball has proven a hit with kids and parents alike. The Aussie T Ball takes in the Under 7 and Under 8 teams.

The sign on days again proved their worth with the club registering many good people, players and parents

Ground renovations this year

This club has again this year set an agenda to improve the grounds with an upgrade of most of the playing fields. We have changed the surface dirt of the playing fields hoping that the players will respond more favorably to sliding. The emphasis will be on player comfort and safety.

Player development

This season more of our players have made themselves available for the representative and development teams.

This would make all good for the players, the club and the association. With these players who previously would not make themselves available will be the foundation in putting Bankstown back at the glory days when Bankstown representative teams were once feared.

Coaches accreditation a must

This year all coaches accreditation is a must and the club will assist any coach wishing to update.

This year audits of club coaches accreditation will take place and clubs will be penalised for any breaches.

To update your accreditation follow the link:

Mustangs team playing strong

At nearly the halfway mark of the competition I am proud to report that all teams are travelling quite well and making their mark on the competition.

The Under 7 and Under 8 Aussie T Ball kids are a lot of fun and also being great ambassadors for the club.

The Under 9 team although packed with new players will make their mark before the end of the season.

The Under 10 team are the surprise packet of the club being leaders in their competition.

Under 12 Mustow took their normal position on the ladder, leading a strong field of teams.

Under 12 Bourke has again unearthed some players that have been lost somewhere but have come out of hiding at the right time.

Under 14 are in 3rd place with some uncharacteristic errors from players costing the team dearly.

Under 17 a team that attitude is non-existent.

this team is currently in 2nd place but could finish anywhere, depending on what the players want at any given game.

Overall the club and the teams are creating the atmosphere that we all should be proud of.
