Vol 6

October 2010

## Welcome to Mustangs 2010

Firstly let me congratulate the boys that played overseas during the off season. Daniel Pennell Luke Bradley and Luke Sampson, Congratulations boys, from all reports you did the club proud. It is a tradition within the club for our players to travel overseas during the off season and again the boys came back with a greater experience and understanding of the game thanks to the NSWJBL and the time they put in to making sure that all players no matter how inexperienced they are, learning is everything, too much learning is not enough.

## Registrations

This year we had an interrupted registration agenda with Bankstown Sports having Mustangs stopped from doing their sign on days in Bass Hill Plaza, we found this to be proactive in the least for the promotion of baseball in the Bankstown area. However, Mustangs committee worked harder than ever to ensure that the club still has a strong membership with our overall numbers increasing remarkably.

The Try Baseball Day was a major success for the club with an increase of numbers across the board including seniors. I must take this opportunity to thank all the people for their help. A special thanks to Al Barnier who is an immense help around the Club. Thanks Al

## Vertical Alignment

Baseball NSW has introduced vertical alignment to our sport to be introduced for the beginning of next season.

In short this requires Major League Clubs and junior clubs to form a joint venture, this has to be achieved for the start of next season.

Talks have begun with the Bankstown Association and the Vikings Major League Club, the only suitable partner in the Bankstown area. Viking has a great tradition throughout the NSW baseball world as does the BDBA.

Unfortunately talks with the 2 partners have broken down.

Mustangs as a club will continue talks with the Vikings to ensure the continued success and longevity the our club.
