Presidents Shield Award –

“This shield is usually awarded each season to a deserving athlete, but this year I could not find anyone more deserving than our long-term Treasurer David MacKay. David's 2 daughters actually finished up with Woden Little A's after the 2018/2019 season. However, David continued on with the club as he did not want to leave before the club had managed to right itself after the loss of much equipment and storage space due to the fire in 2018. He did a tremendous job in purchasing and assembling the new equipment, which was made possible due to David winning numerous grants for the club which totalled around \$25,000 during this past year. When he leaves the club shortly, David will leave it in an excellent financial position, with plenty of storage space, and with more equipment than we have ever had before. David would also turn up at 7.00am each Saturday to help set up the equipment and for many years he ran the barbecue. David has been a great contributor to the club and his efforts will be felt for many seasons to come.

It is with great pleasure that I present David MacKay with the 2019/2020 President's Shield. Thank you for all your work David”.
