Across the desk of the President

Well the festive season is nearly on us, and it's this time of the year that we start to look at our development plan / equipment that is required for the club to function in 2020....so lots of hard work coming up. It's also a timely reminder for members to do a bit of self-analysis and decide what they want from the club next year. To this end a Goal Setting session will be between XMAS & New Year to give guidance to members wanting to take the next step.

Also members should be aware of some checks that they need to ensure that are carried out down the club:

- ✓ Arrive on time to register / allocate yourself to a target / assist in placing the target out on the range
- ✓ Ensure that any used faces are displaced in the boxes provided and not discarded throughout the equipment rooms. If you would not shoot on a target face, please don't hang it up for reuse
- ✓ if you find your arrows are going through the

target, remove it from the field and ensure that time is taking to fix/replace centres. If you are uncertain what to do ask someone, please don't put it back in the equipment room in an unsafe condition without mentioning it someone.

- ✓ Arrows all – need to be marked with your initials, again if unsure talk to one of members and/or coach.
- ✓ Slip / Slop/ Slap – always carry some with you, but if you don't have any there is always some kept in the club room. Even though it might be slightly clouded, UV rays can still sneak through.
- ✓ Bug-Off. Yep those little flies do annoy people so come prepared, saves you slapping yourself throughout the shoot.
- ✓ LOCK UP – if you are the last person to leave, please ensure that you check ALL rooms and lock up, as well as fetch in the Warringah Danger Sign.
- ✓ Practising: If you are off to one side and you are just practicing (especially when its close range distances), you don't need a full face for this, there are some spot faces in the club that can be utilized for this purposes, and save the 122cm faces.

Welcome to new members: Justin van Emmerik (RM), Henry Cook (RUB), Kirstie Morrison (RW), Glen Morrison (RM) & Thomas Freeman (RIB) please join me in welcoming them aboard and showing them the ropes down the club.

Skins Tournament: 30th November

It looked like it was going to rain today, which may have kept some members away, but you wouldn't believe it a small drizzle and we managed to complete the shoot before the skies opened. Luckily Kane was on his cruise, Carmelo was hiding

somewhere and Jack was running the Come N'Try, which left the field wide Open. Will have to think of something for Leanne to do on the next one (I heard Peter Say!).

Members shoot the Newcastle round which is 90 arrows @ 20m on 122cm face. Each member shoots 6 arrows, the highest score moving up, the lower score moving down.

Each member pays \$2 and the club matches \$ for what is taken on the day.

Should two people score the same on a target, then a one arrow shoot-off is held (Closest to the centre).

Mariano & Massimo (Yep father & son) each having a bet on they could beat the other!!!– and they had a bet on it? If Massimo won- better luck next time Dad, seems my thumb is getting better.

The aim is to be on target one at the end of the competition to shoot for the pot. Although our compound shooters, score as normal for

the round, to move up & down on the targets, their '10' becomes the inner 10 (sorry guys).. Well done to the final places with Peter just pipping out Roland on the last end.

Leanne winning \$50, Peter winning \$17.00 and Anton winning \$5.00.....next one will be early 2020.
